

## Cam screws with hexagon washer

### Item description/product images

### Description

**Material:**

Cam screw carbon steel.

Hex washer brass.

**Version:**

Cam screw tempered to 10.9 and black oxidised.

**Note:**

Also called fixture clamps.

The minimal height of this fixture clamp allows numerous clamping problems in fixture and equipment construction to be solved. The brass hex washer offers a gentle yet extremely stable and safe clamping of workpieces. By using several fixture clamps entire pallets can be set-up.

“A” = distance from workpiece to screw centre  
(cam screw).

**On request:**

Replacement cam screws.
