

Crank handles with fold-down grip

Item description/product images

Description

Product description:

These crank handles have standard centre distances. They come with fold-down grips, are made from highly robust reinforced plastics and can be mounted on round or square shafts. They can be secured radially or axially.

Material:

Black grey thermoplastic.

Version:

Steel parts black oxidised.

Note:

The hub cap is supplied loose.

The crank handle can be secured to a shaft using a transverse pin or by parallel key connection together with a DIN 6912 socket head screw and a DIN 7349 washer.
